Financial Goals

PROFITABILITY

Grow profitability over time; turning profitable in mid-2019 was a watershed event in our Company's history

- Adjusted EBITDA margin goal of 25% of Adjusted Net Revenue at RPO level (i.e., pre Corporate Costs) vs. Q1 2023 rolling four quarters of 17.0%
 - Keep Corporate Costs low, even as profits from operating businesses grow
 - Adjusted EBITDA / Adjusted Net Revenue margins of mid-teens at the corporate level (i.e., after Corporate Costs)

 Generate high returns on internal growth projects

- Maximize earnings per share over the long term through:
 - Growing revenue faster than costs, leading to increasing Adjusted EBITDA margins
 - Controlling overhead and other fixed costs so these costs will decline as a percentage of revenue over time
 - Reducing share count through opportunistic stock repurchases

Disciplined Acquisition Strategy

Focus on our core RPO business, or businesses complementary to RPO within HCM

Characteristics of Potential Targets:

- Easy to understand business model complementary to existing Hudson RPO business; cost and revenue synergies
- ► No start-ups or venture-type businesses
- Profitable, high margin, high growth
- Low/no capex and high FCF/high cash conversion (excluding cash used for working capital)
- Additional bolt-on/roll-up opportunities after initial acquisition
- Existing operating management willing to stay, at least initially

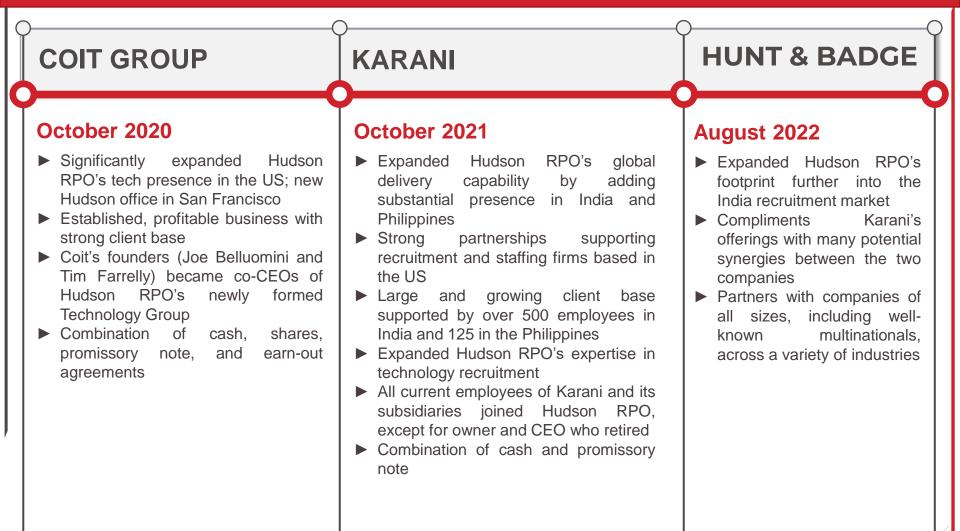

Possible Examples:

- RPO: RPO bolt-ons for Hudson RPO, especially in Americas and EMEA
- HCM: businesses adjacent to/complementary to RPO, which could include MSP, Contracting / Staffing, and Talent Advisory

(1) Human Capital Management, which includes RPO, MSP (Managed Service Provider), and other talent-related solutions businesses. HUDSON GLOBAL
